

<<THEY>> ... Did it!

Below is a complete and exceptional proposal for a 20 day kitesurfing program, for two people, in Northeast Brazil. Starting at Fortaleza and ending up 850 kms North in Sao Luis.

The objective of this program is to offer you an all-inclusive stay, except for lunch and dinner. For these meals we will recommend various options, which will appear in the roadbook/travel guide (RB). This roadbook (RB) will be given to you before your arrival, with all the other information necessary for you to enjoy your kite trip. On the first evening we will have a <<welcome dinner>> together, where we will explain the roadbook (RB) in more detail. I will be there that evening and with you during the first days of your trip. I will never be far away and always reachable 24/24 & 7/7 for help or advice via WhatsApp.

At the end of this proposal, you will find various <<extras>> which can easily be added to your trip.

- Detailed program:

Day 1: Arrival and transfer from Fortaleza airport to Guajiru

Arriving at Fortaleza airport, there will be nothing for you to organize. Our taxi Gilberto will be already there waiting and will drive you 1 hour 45 mins to your hotel in Guajiru. You will share a room in a premium "pousada" overlooking the beach and enjoy a welcome meal with more explanation of the roadbook (RB). The roadbook (RB) will be developed by our local agent. Myself (or my son Charlie) will join you for the dinner which is included in the offer.

Day 2 to 5: Kite in complete freedom on Guajiru beach

On day 2, you will probably wake up very early because of jet lag. It may seem like a really long time before you can start the day! However, waiting will only make your first "all you can eat" breakfast at the water's edge, more delicious and enjoyable. After breakfast you can start your kite sessions freely in front of your hotel. For lunch we will offer you various places with all kinds of formats and budgets (in the RB). From a restaurant serving lobster on the beach at the local surf spot to a restaurant 10 mins walk away in the village for 3€ per person! After lunch, it's back to kitesurfing!

The program from day 3 to day 5 will be identical. You will have several options that we will detail for you and which will allow you, if you wish, to move to other spots (Paracuru for waves, Lagoinha lagoon, secret Emboaca spot...)

Day 6 Meeting tomorrow 9:30am with luggage ready. Time to change spots!

Take a good look at the <<options>> section because it is also possible to make this 70 km transfer from Guajiru to Icarai in a secure Down Wind (DW) kite with an IKO certified guide. If you can...Just do it!

Day 6/7 and 8: Direction Icarai d'Amontada.

This morning your driver will be taking you to Icarai. 70kms by road (1 hour 30 maximum). As soon as you arrive at this magnificent bay, the driver will take your luggage to your bungalow, located 20 meters from the beach. For you it will be the discovery of a new kite school and your equipment, then ... on the water!

End of the day... Dinner at Icarai (according to one of the options of the RB) before having a final drink and... <<Sleep>>!

Wake up relaxed and have a big breakfast... you are used to this now. The tide is important in icarai and according to low or high you will go to navigate in different places. We will direct you to the right places and the right contacts.

Tomorrow D9 is Préa and Jericoacoara

Day 9: Go to Jeri.

This morning a driver will wait for you to take you to Préa (or Jeri. We will discuss this together). Lots of people and bars, it's busy ... it is a change from the previous days, but it feels good.

Day 10/11: Kite in Préa

You are in Préa, it's the windiest spot in northeast Brazil. We generally use a 7m kite <<full power >>.

The first option (basic program) is to stay kitesurfing in front of the hotel in Préa and at the end of the day go by 4x4 to Jeri. There you will see the famous sunset on the dune and the other end of day activities including, Capoeira, football

The second option is to stay in Jeri and enjoy it more, taking mini transfers during the day to Préa or other areas. Again we will guide you according to your desires and build a program most suited to your expectations. Magnificent DWs are also possible, as the transfer to the next stop.

Day 12: Jeri to Barra Grande

The driver will wait for you in the morning around 9:00am to take you to Barra Grande (little Jeri). There he will offer to drive you straight to Barra Grande (basic programme) or stop at Tatajuba (to be organized together with a supplement) for lunch. About 2.5 hours drive in total. The small village of Barra Grande (mini Jeri) offers restaurants and even an ice cream shop to end the evening ... there are no nightclubs ... yet!

Day 13 and 14: Barra Grande enjoy, enjoy ... enjoy!

Barra Grande... An extraordinary kitesurf spot. Another lagoon not far from the hotel with multiple basins to exploit.

Day 15: No kiting today! Parnaíba Delta

This morning your driver will accompany you on board a boat, for an extraordinary day exploring the mangrove arms of the largest delta in South America. The day will end with a

surprise, watching the most beautiful flock of red birds flying together in the delta. Towards the end of the day at around 6.30pm, you will arrive at your new hotel in Tutoia.

Day 16: Transfer Tutoia to Atins.

A long transfer indeed. It is 2 hours by car and 1 hour by boat, before arriving in the middle of nowhere, at the foot of the Lenções, Atins. You will settle into your hotel by the water and enjoy some kitesurfing in the Bay.

Day 17: Enjoy Atins ...

Kiting or idleness. It's so beautiful!

Look at the DW and kite options in the Lenções AND the option to take a mini flight above the Lenções. Once again unforgettable and if you can.....Just do it!

Day 18 and 19: 2 days of trekking in the Lenções

Departure from your pousada in Atins and return 2 days later to your accommodation. 2 days of all inclusive trek (every meal included) with a guide and overnight stay in hammocks.

Day 20: Airport and... back to the real world!

There you go ... If you took the Lenções overflight option, that's when it will happen, a magic memory before returning home. You will leave Atins early enough to reach SL (4 hours journey) for your return flight to Europe.

Bye Bye. A crazy kitetrip, right? So... ready to go? Do not miss it.
